DATES TO REMEMBER

NOVEMBER

Tue 8th  Preparation for puberty 5/6
Wed 9th  MARC
Wed 9th  125th Meeting
Thur 10th  Blueearth
Thur 10th  Hotshots Tennis 3-6

Tue 15th  Preparation for Puberty
Tue 15th  Sailing 3-6

Tue 15th  School Council

Wed 16th  Kanga Cricket

Tue 22nd  Preparation for Puberty
Tue 22nd  Sailing 3-6

Last week we were very happy to receive a very generous donation of $500 from the Kiewa-Tangambalanga Lions Club to go towards our 125th event. A big thanks to Mr Peter Croucher and his fellow Lions Club members for considering our school and making the donation.

The students have been very busy again this fortnight, working very hard on their Antarctica Station Projects and practicing for the “Count Us In Performance”. We travelled down to Tallangatta Secondary College to participate in the program. The students were all singing with schools across the country at the same time. The Secondary College Pak was full of students from across our region and we were joined by the Secondary College band. The students had a great time and we then had a very relaxing lunch at the Tallangatta Park. Thanks to Deanne for getting us involved in this event.

Next week we have the opportunity to participate in the Hotshots tennis day at Wodonga Tennis courts. This will be for 3-6 students. Our P-2 students will still be travelling to Eskdale for Blueearth. We will be joining Eskdale’s 3-6 students. This should be a great day, especially as the students have been playing a lot of table tennis on our new table. The students really enjoy the challenge of learning a new game and we have been having a lot of fun playing against each other at lunch time.

We had a working bee yesterday after school. It’s really amazing how much a few people can get done, so thankyou to Bernadette and her kids, Deanne and Glenda who stayed after school to help get a few jobs done. It is really appreciated. Also thanks to Jody who started the big task of weeding the old veggie gardens, it really was a forest in there!

Ben’s family have donated some icy poles that will be sold to students for 50 cents each. They are all natural fruit and from all reports, very tasty! All the money raised will go towards the Ben and the schools fundraising efforts for his role with the Indigo Shire Junior Council. Thanks to Ben and Debbie.

Some students have books which will need to be returned to school next Wednesday when the MARC van next visits. Lists have been sent home with the students today.

Last Wednesday we had a scheduled 125th meeting. Sadly no one attended so we will try again for next Wednesday the 9th. There is still much work to be done before the event. Thanks.

Here is a picture of Reef’s Antarctic Research station. The students have put a lot of thought into what they need to survive, including power supplies and water storage. Reef is very proud of his work, well done Reef!
STUDENTS THOUGHTS

Meadow: Today my babysitter is going to pick me up and we are going to have lots of fun together. We are going to her house to play mouse trap.

Evie: Dad is home. He came home yesterday and he woke me up this morning. I was really excited to see him. We are going to have a fun weekend.

Tyler: Today was fun because we got to sing “Let it play” with the other schools. I had fun at the park as well.

Lucas: We have nearly finished the project which we are working on. I am pretty happy with my project, it is starting to look pretty good. We will be doing our presentations next week and talking about our stations.

Ben: I have nearly finished building my Antarctic Station. I am happy with my project but I will probably work on it over the weekend. At the moment I am covering it with insulation (paper!).

Warrick: This weekend my friend Jack is coming over, we might go swimming in my pool or at the Leisure Center. At school we have a ping pong table. It has been fun playing but I think I am better at down ball.

Jack: Today we went to Tallangatta high school and sung the song called let it play for the Australia count us in, which is when all the school around Australia sing the same song at the same time. It was really fun and it was so loud that I couldn’t hear my self sing :).

Bryson: Whilst playing table tennis, someone smacked the ball straight into my shoulder. The ball was flying through the air. Lucky the ball is light and it didn’t hit my face. I won the point, thanks Mr V!

Reef: Tomorrow my Dad’s brother and his family are coming to visit us. It is going to be so good. We are going play with some big Lego.

Angel: I have liked learning about Antarctica and building our Antarctic Station has been interesting. I am using real insulation on mine and I have nearly finished it. I will need to work on it over the weekend.
